

## Aruba

Georgie Bush and Tony Blair  
I wish that you were over there  
Aruba  
You could be having so much fun  
Behind the barrel of a gun  
Aruba

I don't think it's very funny  
Paying for it with my money  
Paint me pink and call me Honey  
Someone get me out of here.

It used to be so nice round here  
Now engine noise is all I hear  
Aruba  
They want three runways, maybe more  
But who knows what they need them for  
Aruba

I don't think it's very funny  
Paying for it with my money  
Paint me pink and call me Honey  
Someone get me out of here.

They're dumming down the BBC  
And pumping up the licence fee  
Aruba  
Stick reality TV  
Up where the sunshine shouldn't be  
Aruba
