

In your dreams

Try talking if you don't have a voice
Try choosing if you don't have a choice
Try loving if you don't have a friend
Try helping if there's no one to send

How does anything get to be alright
How does anyone get to sleep at night
In your dreams

Try reason if they say you're insane
Try laughing if you can't stand the pain
Try praying if there's no-one to hear
Try courage if all you feel is fear

How does anything....

Try running with both feet on the ground
Try screaming if you can't make a sound
Try waving if you've already drowned
Try hoping that you'll be lost and found

How does anything.....
