

Walking on water

Walking on water
My Lord he comes to me
Walking on water
Cross a cruel and stormy sea
But I will not fear the storm
Or doubt your love for me
Walking on water
My Lord comes to me

These uncharted waters
They hold no fear for me
These uncharted waters
Though it's all that I can see
But I will not fear the storm
Or doubt your love for me
These uncharted waters
Lead to your victory

Call me Jesus, call me
That I may come to thee
Call me Jesus call me
I would walk upon this sea
And I will nor fear the storm
Or doubt your love for me
Walking on water
I'm reaching out for thee
and my Lord comes to me.
