

Two and Two

Jack and Jill went up the hill
 For all I know they're up there still
 How so? I just don't know
 Humpty's fallen off the wall
 But why was he up there at all
 How so? I just don't know

Diddle diddle, cat and fiddle
 who's that standing in the middle
 Row? I just don't know
 Frere Jacque is sur le pont
 Flying ryanair to Davignon
 How so? I just don't know

But now I know that two and two are four
 I can't make it anymore or less
 No matter how I've tried to
 I still don't know how many beans make five
 But as long as I'm alive
 I will try to find you

Ring a roses all fall down,
 the latest high to hit the town
 How so? I just don't know
 The grand old duke he marched his men
 and then he marched them round again
 How so? I just don't know

Jack be nimble Jack be quick
 What is it with that candle stick
 How so? I just don't know
 Incy wincy spider man
 does everything a spider can
 How so? I just don't know

Twinkle twinkle little star
 I still wonder when you are
 It's hard for me to really care
 for something that's not even there
