

We do

When everything goes crazy
There's countless little ways we
Turn every crisis into something
We can watch on daytime TV
20 second sound bites
edit till it sounds tight
then say the same lies over
till you don't know
what's wrong and what's right

But we do
So we will
Tell them to both faces
That we are never going to give in
We do
So we will
Do everything we can
To make this world
A better place to live in

No-one seems to notice
How pointless their vote is
If they believe its hopeless
And there's no way
We can try and change things
So who will put their hand up
And take the time to stand up
To march against the racists
And the fascists
And the waste of spaces

But we do
So we will
Tell them to both faces
That we are never going to give in
We do
So we will
Do everything we can
To make this world
A better place to live in
